GET STARTED

WHILE THE BIG

VOTE OFFER IS ON

Now is the time to jump to the front rank in the great contest—if you have been thinking of entering, send in your name today, for now is really the very best time in the whole contest to get started. The young ladies living on the rural routes, and in the smaller towns especially, have an unusually good chance to win a prize—under the bonus vote offer, your subscriptions will count up very rapidly. Make every moment count during the next few days and gather in every available subscription.

Already the great bonus offer of votes has aroused the keenest enthusiasm among competitors and the effect will be of material assistance to those who are on the hunt for subscribers, they will be able to see at a glance how much more valuable a subscription contracted for now will be to you and how it will be the means of improving your prospects of ultimate victory.

BIG CHANCE IN COUNTRY DISTRICT.

The contest manager cannot too strongly impress on the prospective candidates living in the smaller towns and on the rural routes that they have an unusually fine chance to win one of the valuable prizes. There are two districts in the contest and one of those lies outside of the city of Paris.

At the present time we have only two or three contestants who have actually got started in that district. As there will be at least four prizes awarded to that district you can readily see what an excellent opportunity is offered to pick up a valuable prize very easily.

Under this big offer your votes will count up very rapidly. A yearly subscription now counts for 21,800 votes, a two year subscription 44,500, etc. Why not get busy today? You can win one of those handsome prizes if you will only try.

STILL TIME TO ENTER.

Any young lady who is thinking of entering the contest should send her name and address to the contest manager, at the news office at once. It is not too late to enter the contest. In fact, we venture to predict that some of the winners have not even been nominated yet. It has been the experience of the contest manager that, in many cases the candidates who start two or three weeks after the contest has started, come out winners in the end. We would especially like to

Car Strikes Hay Wagon.

The Paris and Lexington interurban car leaving Paris yesterday afternoon at 5:15 o'clock collided with a wagon loaded with hay at Station 51, a short distance from Paris. The wagon was stalled across the track and the motor man did not see the obstruction before it was too late to bring the car to a stop. The front of the car, which was in charge of Conductor Lawrence and Motorman Day, was demolished. No one was injured.

Avoid the Penalty.

Thursday, October 31, is the last day to pay your city taxes. Pay before that day and avoid the penalty.

Supplemental Registration.

Democrats who were out of the city, detained by illness or illness in their families, and who were prevented from registering on the regular registration day will have the opportunity of doing so today or tomorrow.

Yesterday's registration gave the Democrats a good lead and all those who were prevented from registering and having a legal excuse should avail themselves of the opportunity which will enable them to vote for the Democratic nominees for President at the election November 5.

Democrats do your duty by yourself and party and secure a registration certificate that you may not be denied a voice in the selection of a President. The county will return a good majority for the Democratic nominees but every vote is needed and every one will count in the final result. Be sure to register.

DEMOCRATIC TICKET.

For President,
HON. WOODROW WILSON,
of New Jersey.

For Vice-President,
HON. THOS. R. MARSHALL,
of Indiana.

For Congress,
HON. J. CAMPBELL CANTRILL,
of Scott county.

Stop The Extortion.

Governor Wilson's election will insure a Democratic House and in all probability a Democratic Senate to carry out of his policies of progressive reform and then there will be no further delay in the people's demands. They will no longer be thwarted by the vetoes of a President who is bound hand and foot to the interests on the most insignificant pretext. The tariff will be reduced to the necessities of an economically administered government and high prices for food and clothing will cease.

Rallying to Wilson.

Democracy made a notable gain when United States Senator Works, of California, a few days ago declared for Wilson and called on all his friends to do likewise. He has always been a wheel-horse Republican, with his leaning recently for Progressiveness, and might have supported Roosevelt but for the fraudulent manner in which his electors in California were obtained, though he does not regard Roosevelt as a real Progressive, being animated more by ambition and malice than a desire to secure Progressive legislation for the country. With Wilson as the only real Progressive, the only course for honest Republicans, who are Progressives, to pursue, is to vote for the Democratic nominee. The Wilson National Progressive League is daily receiving notable accessions. The number now exceed 50,000, and it has headquarters in all the large cities. The whole trend of the country is toward Democratic principles and there seems nothing so sure as that Wilson will be elected. He cannot fail to be if every Democrat does his duty.

Democratic Program.

To reduce first the tariff on the necessities of life, put it higher on luxuries, repeal it on all articles sold cheaper abroad than at home, with a gradual reduction of the whole list to a revenue only basis is the program of the Democratic party as promulgated at Baltimore. Such a program ought to, and does, appeal to every man to whom the increased price of food and clothing is an appealing fact. The Republican plan of forcing people to pay more taxes than are necessary for an economically administered government is a crime which admits of no defense since the tax on many articles enables the trusts to put up prices and extort money from the people and pay little to the support of the government.

The tariff is the paramount issue of the campaign and upon their promises with regard to it the Democrats are riding to certain victory. The interests have too long been monopolizing control of the government. The old and exploded claim of the Republicans that the consumer does not pay the tariff taxes no longer fools sensible people. Their pocketbooks have felt the weight of the absurdity and they will vote to change a system of taxation which breeds monopoly, encourages graft and enables a few to grow rich at the expense of the many. They know that a vote for Wilson and the Democratic candidates for Congress assures the much-needed change.

Almost Unanimous.

After a pretty thorough canvass of the country by its own agents and those of other papers allied with it the Cincinnati Enquirer finds that Taft will carry but two states—Utah and Vermont. Roosevelt is given three—Idaho, Michigan and Washington, and Wilson the rest after placing Connecticut, Delaware, Maine, Montana, North Dakota, Oregon, Vermont and Wyoming in the doubtful list. This will give Wilson 460 votes in the electoral college when only 267 is required to elect. The forecast is almost as bright as that of Ollie James, who says he cannot figure that Wilson will lose a single state.

Here is a woman who speaks from personal knowledge and long experience, viz., Mrs. P. H. Brogan, of Wilson, Pa., who says, "I know from experience that Chamberlain's 'Cough Remedy' is far superior to any other. For croup there is nothing that excels it." For sale by all dealers.

Trouble With Farmers Not Land.

Judson C. Welliver, Washington correspondent of Farm and Fireside writes in the current issue of that periodical an interesting account of the United States Bureau of Soils. He says in part:

"Dr. Milton Whitney, chief of the soils bureau, insists that proper cultivation and rotation will make rundown soils produce again as well as ever. The trouble is not with the land, but with the people farming it, and their methods, stoutly declares Dr. Whitney.

"The Bureau of Soils is trying to find out all about the changes in soils that are wrought as a result of cultivation. It declares that the mineral and metal basis changes very, very little. The products of vegetable and animal growth, on the other hand, change greatly and modify soil qualities very much. One will be useful and benevolent, another vicious and harmful."

"A certain soil, once producing excellent crops of wheat, had become 'exhausted'. Cow peas ground very fine were applied to it and it was found that they had restored the soil; it produced a good crop, and did the thing three times in succession; then the soil lapsed back into its first condition of non-productivity.

"Why did the cow peas have that effect? The Bureau took like proportions of potash, phosphoric acid and nitrates—the plant-food element of cow peas—and put them into the soil; and it didn't produce the effect of restoring its fertility. The point seemed to be that these various elements, mixed together and applied to the ground, didn't have the genuine cow pea effect.

"Dr. Whitney in a recent address gave this explanation of the operations within the soil of various agents introduced through rotation of crops. He seems to have a considerable backing of authority and experience in favor of his theory that fertilization is, at least, much less necessary, if scientific rotation is followed. His bureau's problem is to develop the correct scientific rotation for various soils and climates."

NATURE'S ESSENCE... Extracted From Forest Plants.

Nature's laws are perfect, but disease follows if these laws are not obeyed. Go straight to nature for the cure, to the forest; there are mysteries here that we can fathom for you. Take the bark of the wild-cherry tree, the root of mandrake, Oregon grape root, queen's root, bloodroot and golden seal, make a scientific, non-alcoholic extract of them with just the right proportions and you have

Doctor Pierce's Golden Medical Discovery.

It took Dr. Pierce, with the assistance of two learned chemists, eight years of hard work experimenting to make this pure glyceric extract and alterative of the greatest efficiency and without the use of a particle of alcohol.

Just the sort of remedy you need to make rich, red blood, and cure that lassitude and feeling of nerve exhaustion.

Dr. Pierce's Golden Medical Discovery bears the stamp of PUBLIC APPROVAL and has sold more largely in the past forty years than any other blood purifier and stomach tonic.

"Some time ago I got out of health—my stomach seemed to be the seat of the trouble," writes Mr. EZRA WILLIAMS, of Belleville, Kans. "I commenced to doctor with all the doctors at home as well as with other specialists on stomach and digestive diseases. Nothing would do any good. I took many of the medicines did me harm. Finally, I wrote to Dr. Pierce, Buffalo, N. Y., who replied, stating that I had liver complaint with indigestion and constipation, and advised Dr. Pierce's Golden Medical Discovery and 'Pleasant Pellets.'

"The 'Discovery' and 'Pellets,' have 'put me on my feet again'—seemed to be just what I needed. I could not have recovered without them."

Dr. Pierce's Pleasant Pellets are for liver ills.

WALKER NELSON.

1t James McDonald, Auctioneer.

Why We Are Right-Handed.

One of the professors at a well-known agricultural college has figured it out that if you are left-handed it is a sign that your ancestors were not good fighters.

"Most persons are right-handed," says he. "Only one in every twenty is left-handed. Why are people right-handed? They may have been born that way, it is true; but why?

"Away back in the beginning the chief occupation of man was fighting. In battle he carried a shield in one hand and a weapon in the other. It was not much work to carry the shield, but the quick action required by the hand and arm which did the fighting soon developed that arm. It also developed the nerves and the half of the brain that governed the right side of the body. Those who shielded their left side—thus protecting the heart—were the ones who usually came out victorious. Down through the ages this selection continued, the right hand gradually becoming more proficient."

The Danger After Grip
lies often in a run down system. Weakness, nervousness, lack of appetite, energy and ambition, with disordered liver and kidneys follow an attack of this wretched disease. The greatest need then is Electric Bitters, the glorious tonic, blood purifier and regulator of stomach, liver and kidneys. Thousands have proved that they wonderfully strengthen the nerves, build up the system and restore to health and good spirits after an attack of grip. If suffering try them. Only 50 cents. Sold and perfect satisfaction guaranteed by Oberdorfer.

DANGER AHEAD!
SIGNAL'S A FAKE

Republican Circular Warning
Railroad Men Is Palpable
False Alarm.

EASY TO MAKE FIGURES LIE.

Old Trick of Setting Red Lights on a Clear Track—Facts Presented So Railroad Men May Judge.

The Republican national committee is distributing circulars among railroad men predicting a panic and hard times in the event of Democratic victory. Among their statements intended to mislead railroad men is this:

RAILROAD MEN,
STOP! LOOK! LISTEN!
LEST YOU FORGET
\$7,338,879.

Big sum of money, isn't it? Nevertheless it's exactly that much more paid to the railroad employees of the United States under the administration of President Taft in 1910 than was paid in 1907, the year before Mr. Taft became president.

This is a sample of the old time Republican habit of claiming credit for all natural progress—credit even for good crops.

It is true that in 1910 the wages of railroad employees amounted to some \$71,000,000 more than in 1907.

But that represented three years' progress.

In 1906 the amount paid to railroad employees was \$900,801,653. In 1907 it was \$1,072,386,427. This was an increase of \$171,584,774 in a single year preceding the Taft administration, amounting to more than double the increase during three years of the Taft administration.

Isn't it obvious that they are presuming you won't have the statistics at hand to inform yourself and that therefore they will fool you into believing that the Taft administration made railroad men's prosperity?

Then stop, look, listen again!

In four years preceding Taft's administration 1,193 miles of railroad were sold under foreclosure. The stocks and bonds of these roads amounted to \$47,031,000.

Under three years of the Taft administration 5,115 miles were foreclosed, involving \$384,434,562.

The Tariff Humbug Again.

A still more palpable presumption by Republicans that railroad men are fools is the following statement in their circular:

The total number of railway employees in 1895 was 785,034.

The total number of railway employees in 1911 was 1,699,809.

Under Republican administration the number of railway employees has increased from 785,034 during a Democratic administration—1,699,809, an increase of 944,775, nearly 1,000,000 men.

Do you want a Democratic president and return to conditions and number of employees of 1895?

The Taft people take 1895 because the last Democratic low tariff bill, known as the Wilson bill, went into force in 1894, and they would like to have railroad men believe that a Democratic tariff revision made the hard times.

Now let us make a fair comparison of these railroad figures.

In 1893, under the Republican high tariff, and with the panic on, there were 873,602 railroad men employed, or 515 per 100 miles.

In 1894, part high tariff and part low tariff, the number fell to 779,608, or 444 for 100 miles—decrease 71 per 100 miles.

From this year on, so long as the Democratic administration was in power, conditions improved steadily.

In 1895 the total number of railroad men at work was increased to 785,034.

In 1896 it was 826,620.

In 1897 McKinley came into the presidency, and the Republicans set about to "redeem the country" with high tariff.

AND IN 1897 THE TOTAL NUMBER OF RAILROAD EMPLOYEES FELL OFF TO 823,476.

Republican Panic of 1907.

Then in the fall of 1907 there was another panic under the Roosevelt administration and under a Republican high tariff. Were the railroad men protected from loss of jobs? Scarcey! The next year, 1908, the number of railroad employees fell off by 235,799, a decrease of 112 per 100 miles against 71 per 100 miles in 1894, the year when the results of the panic of 1893 were felt most severely.

So what is the use of trying to make fools of railroad men or of any other Americans by distorting figures? The truth is that these fluctuations were not due to high tariff or low tariff.

A GOOD SPECULATION!

Wealth is conserved—not made—thru absolute safe investments. The making of wealth, the investing for profit, involves a certain element of speculation, either in manufacturing, merchandising, or finance. Success in each instance depends upon the judgment exercised in making the investment.

At this time we believe there are good speculative possibilities in the stock of

The Columbus Gas and Electric Co.

It's a low priced stock, now selling below its book value. Control has just passed to very strong banking firms who know its affairs and believe in its future. Earnings are increasing, operating costs reduced, and a substantial increase in price of stock will probably follow.

Other low-priced stocks that should have consideration for their future values are United States Lithograph Co. (preferred), The Kentucky Securities Co. (preferred), The Indian Refining Co. (preferred), Missouri Pacific Ry., Erie R. R.

We advise you writing us at once for complete and authoritative information.

Appointed Game Warden.

Mr. James A. Gibson, of North Middletown, yesterday received from J. Quincy Ward, Executive Agent for the Kentucky Game and Fish Commission, his commission as game warden of Bourbon county. The appointment is the result of his interest shown in the preservation of the game laws of the State and above several applicants for the position.

Mr. Gibson, who for the past three years has held the position of Marshal in North Middletown, is well known as a fearless and impartial officer and will beyond a doubt make the Kentucky Fish and Game Commission one of their most efficient officials.

The appointment carried with it the authority to arrest anyone for a violation of the game laws and to rigidly enforce the laws recently passed by the last session of the Legislature requiring all hunters to carry upon their person a license to hunt. The newly appointed game warden yesterday secured from County Clerk Pearce Paton a list of those who have secured licenses in this county.

Mr. Gibson also has the right to arrest anyone for trespassing if the land upon which they are committing the offense is posted, and the letter of instruction from Agent Ward gives full instructions regarding the hunting season. At the present time it is unlawful to kill squirrels or rabbits with a gun, although they can be hunted with dogs.

Mr. Gibson is one of the best known men in the county, and having a thorough knowledge of the game laws of the State will enforce them without fear or favor.

Police Court.

In Police Court yesterday the case of Jas. Fields, colored, charged with detaining a woman against her will was continued until this afternoon at 3 o'clock. The cases of Henrietta Piereson and Walter Harris, charged with disorderly conduct were also continued until this afternoon.

AMUSEMENTS.

MADAME SHERRY AT THE GRAND.

"The Danger Dance" is the latest terpsichorean musical comedy situation. The dance is a feature of "Madame Sherry" and is said to be a logical issue of one of the musical comedy situations. Danced by a young man and a young woman of the cast, it is described as a novelty where the male dancer is always on the ground and his fair partner mostly in the air, whither he swings, pulls and tosses her as he might a gay colored scarf. The young woman who figures as the human fabric is said to wear a specially devised steel corset to protect her ribs from cracking in the clinches. "Madame Sherry" will be presented here at the Paris Grand, Friday evening, November 1.

"PUTTING IT OVER" COMING.

One of the best plays of the season, "Putting it Over," will be the attraction at the Paris Grand on Saturday, November 9.

The offices of the Western Union Telegraph Co. in Carlisle and Millersburg have been discontinued and the business transferred to the offices of the Cumberland Telephone Company in both places. The business of the company is handled through the Western Union office in this city, after being transmitted from Millersburg and Carlisle over the telephone. The change will necessitate an increase in the force at the local office and Manager McDermott will probably secure a counter clerk.

Paris Defeats Cynthiana Team.

The football team of the Paris High School defeated the team of the Cynthiana High School Friday afternoon in the latter city by a score of 19 to 17. In the first half of the game the Cynthiana boys had the better of the argument and were leading by a score of 17 to 6 and it looked as though the Harrison boys would carry off the day. However Paris gained steadily in the last half, making two touchdowns in the last quarter, and overcoming the strong lead. Thompson and Adair starred for Paris, the former making two touchdowns and the latter one. An enthusiastic crowd of rooters accompanied the local boys to Cynthiana.

Farmer Commits Suicide.

Wm. Morton, a farmer of Clark County, committed suicide Friday by shooting himself through the head with a pistol. He secured the weapon shortly before dinner, telling his wife he was going to kill a rabbit which he had found setting near the barn. Hearing the shot several minutes later she paid no attention to it until about an hour afterward when she became alarmed and went to the rear of the stable where she found Morton's lifeless body. No cause is given for the act. Besides his wife six children survive.

In the past few days tobacco buyers have assumed sudden activities and while it is reported that many offers have been made, growers are inclined to hold for better prices and only a few sales have been made. Victory for "Drys."

The contested case between the "wets" and "drys" of Georgetown, which has been hanging fire in the courts for the past year, has been decided by Circuit Judge Stout in favor of the latter on a technicality. The County Sheriff had failed to post the notices of election until the last moment, the "wets" contending that it had not been done in time, and even if it had not this would not have annulled the result.

Think It Over.

Either Mr. Taft or Mr. Wilson Will be Elected President

In Kentucky, the Progressive Party will fall far short of securing the required number of votes to qualify it as a political party within the provisions of our election laws. This is indicated clearly by their insignificant registration, and by the reports received by the Committee, of conditions throughout the State.

Since the middle of September the DRIFT HAS BEEN STEADILY TOWARD THE RE-ELECTION OF MR. TAFT and is INCREASING IN FORCE as the election draws near.

The reason for this is apparent to anyone giving the matter a moment's consideration. CONTINUOUS EMPLOYMENT IS AT HAND for all those who desire to find it and REMUNERATIVE PRICES REWARD THE PRODUCERS. THIS MEANS COMFORT FOR THE PEOPLE GENERALLY and accounts also for the absence of political excitement.

THE VIOLATION OF THE MOST SACRED TRADITION OF THE REPUBLIC; opposition to a THIRD TERM as President for any man, and the ECONOMICAL THEORIES and VITAL CONSTITUTIONAL CHANGES involved in the candidacy of Mr. Roosevelt, are issues of extreme importance, but the fact that HIS DEFEAT IS CONCEDED BY ALL, except his most ardent supporters, has to a large extent eliminated them from consideration.

THE RACE BEING BETWEEN THE REPUBLICAN AND DEMOCRATIC CANDIDATES; our confidence that the good judgment of the people will lead them to RE-ELECT MR. TAFT is based upon the record; THE REPUBLICAN PARTY BELIEVES IN, AND WILL ADHERE TO THE PROTECTIVE TARIFF SYSTEM.

THE DEMOCRATIC PARTY BELIEVES IN TARIFF FOR REVENUE ONLY, which means FREE TRADE and, if placed in power, will, if true to their platform declaration, seek at once to wipe out and DESTROY ALL ELEMENTS OF PROTECTION in our tariff laws. Their platform declarations of 1892 and 1912 on this question are identical and in both, a PROTECTIVE TARIFF IS DECLINED AS UNCONSTITUTIONAL.

In 1892 the Democratic Party was successful upon this issue and they tried their hand on the tariff and the result is well remembered. DISTRESS, MISERY, WANT AND ACTUAL STARVATION WERE GENERAL THROUGHOUT THE LAND, and continued until the election of McKinley and the restoration of the Republican Party to control. They, of course, try to explain and absolve themselves of responsibility for the result, but

they cannot deny actual conditions as they existed during their complete control of the executive and legislative branches of our government.

NOW THE COUNTRY PROSPERS. Business prosperity in any line exists nowhere within its borders. The affairs of the government have been economically and efficiently administered. THE GOVERNMENT'S CONTROL OF TRUSTS HAS BEEN STRENGTHENED. A surplus remains in the treasury after the payment of all expenses. The trade of the country is larger than at any other period in its history.

A Republican administration, with Mr. Taft at its head, has been and is now in charge. WE KNOW WHAT WE HAVE IN 1912. WE KNOW WHAT WE GOT AS A RESULT of 1892.

Under the one PROSPERITY and PLENTY, under the other DISASTER and DISTRESS.

THE ONLY SAFE COURSE LIES IN HOLDING ON TO THAT WHICH IS GOOD. DANGER LURKS IN A CHANGE. No risk except in a change. Then why take it? A VOTE FOR ROOSEVELT IS WORSE THAN WASTED; it is a vote to take the risk.

So, MR. VOTER, whatever may be your occupation, THINK IT OVER, while you yet have time, and LET YOUR VOTE SQUARE WITH YOUR JUDGMENT.

REPUBLICAN STATE CAMPAIGN COMMITTEE.

Roosevelt Delegate For Taft.

[Letter of Wm. Heyburn, President Belknap Hardware & Man'f'g. Co., and Roosevelt Delegate from Louisville to the Republican National Convention.]

"Louisville, Ky., October 25, 1912,

"Mr. Chas. L. Scholl, Louisville, Ky.

"My Dear Sir:

"Referring to your question as to what candidate I have decided to vote for for President, at the November election, I would say that I am going to vote for Messrs. Taft and Sherman, whom I regard as the regular nominees of the Republican party.

"I attended the Chicago Convention as a Roosevelt delegate, but from my observation and experience there, I considered it was fortunate for the country and for the Republican party as well, that Mr. Roosevelt was not nominated. I became convinced that Mr. Roosevelt's candidacy was the result of personal ambition and not for the purpose of furthering any particular policies or principles. I believe that with Mr. Roosevelt's co-operation it was possible for the Progressive element of the Republican Party to have nominated Governor Hadley or Senator

Cummins, to have made any change in the platform that might have been desirable, to have revised the rules so as to eliminate the authority of the National Committee, wherever such authority as they had might be abused, and more important than all, to preserve the integrity and usefulness of the Republican Party.

"Mr. Roosevelt's followers, by reason of their passionately stormy methods, used where no principles could possibly be involved with the same vehemence as where principles might be involved, destroyed my confidence in their level-headedness and good judgment. I was well prepared by what I saw at Chicago, for the lack of the sense of proportion that led to the action of the Roosevelt supporters in undertaking to establish the Progressive Party.

"As for myself, I can see no hope of accomplishing progressive measures by this procedure, and grave danger of weakening the influence of the Republican Party for good along many lines.

"The Republican platform relative to tariff policies appeals to me with peculiar force. I have had the advantage of knowing something about the working effect of tariff schedules and tariff policies on business, and, without feeling intolerant of the opinion of other men, am satisfied that the Republican policy of protection is for the general interest as well as general prosperity. I believe that if Mr. Wilson is elected President, he will probably call an extra session of Congress, to revise the tariff, and immediately business will stagnate. The demand for the products of the farm and factory will drop off, and the necessary accompaniment to this will be a falling market. If the tariff schedules are so made as to threaten American producers with serious competition from abroad, where the price of labor is so much lower than here, the condition of stagnation will be permanent, or until the policy is changed. If the change made by such a special session is not such as to bring the American consumer into competition with the foreign producer, I can see no logic in changing the tariff, hence the program of the Democratic Party becomes a futile one.

"No one who is thoughtful can doubt that if the Democratic Party is elected to power by a large majority, as some claim it will be, it will be a very radical free trade, or 'Tariff for revenue only' party. No honeyed pre-election phrases of Mr. Wilson, delivered in Pittsburg to placate the voters in the district, where protection sentiment is supposed to be extensive, will change this fact. Those who vote for Mr. Wilson should do it with the full knowledge of what it means, and should not vote for him unless they believe in the tariff for revenue only, which is the real meaning of the Democratic platform and the real intention of the Democratic Party. Those who believe in a protective tariff policy and expect to make their vote effective, should, in my opinion, stay with the Republican Party, whether in their opinion it is managed in every detail to suit them or not.

"Yours very truly,
[adv] WILLIAM HEYBURN."

Beckham to Speak Here Monday

As a grand finale to the active campaign conducted by the Democrats of Bourbon county, Hon. J. C. W. Beckham, former Governor of Kentucky, will address the voters of Bourbon on the court house Monday afternoon, November 4, at 1:30 o'clock.

The Democrats have conducted a brilliant campaign in this county and the result here no doubt will be strongly in favor of the Democratic candidates. Notwithstanding the fact that this county will return a handsome Democratic majority, Mr. Beckham has signified his willingness to deliver the last speech of his campaign in Kentucky in Paris, and the former Chief Executive of the State should be greeted by a large crowd of enthusiastic Democrats.

With the prospects for a record breaking crowd at the rally to be held next Saturday, interest on the part of the Democrats is at its full height, and while there is every assurance of a full Democratic vote, there should not be the least disinterest displayed in either of the events that attend the closing of a remarkable campaign.

Paris Concern Reported Sold.

A report is current in this city to the effect that the Paris Gas and Electric Co., operating in this city, has been sold to a company of Chicago capitalists, who it is said will soon assume charge of the concern.

According to Superintendent C. L. Steenbergen, he had no direct information of the transaction or any deal by which the local concern passes into other hands, and in a statement made to the News yesterday said he was not in a position to either deny or affirm the story of the transfer.

The Paris Gas and Electric Co. is a combination of the old Paris Gas Co. and the Paris Electric Co. The Paris Gas Co., which for several years was operated by local capitalists, was disposed of to a Cincinnati capitalist, who assumed the control of the affair and about two years ago absorbed the Paris Electric Light Co. Since that time both plants have been operated by the Cincinnati company.

Good Audience at Entertainment

A representative audience attended the entertainment given under the auspices of the Young Ladies Mission Circle of the Christian church at the Bourbon College Chapel. Those who attended were delighted with the rendition of "Betsy of Baltimore," by Miss Roberts, of Danville, Ky., a graduate of the Boston School of Expression, in monologue.

This difficult style of elocution was given in a most delightful manner by Miss Roberts, who is certainly an artist, possessing a charm of voice, manner, gesture and articulation seldom combined, as well as a most gracious personality.

Miss Roberts was the guest of Mrs. Withers Davis, president of the circle, who gracefully introduced her to the audience.

GET STARTED**WHILE THE BIG****VOTE OFFER IS ON.**

hear from prospective candidates living in the smaller towns and on rural routes. Just send your name and address to this office and the contest manager will either call on you personally or write and show you how to get started in your campaign. Don't neglect your opportunity—send your name today, especially if you live outside of the city.

A FEW SUGGESTIONS.

Now for a few suggestions as to your plan of campaign. Never neglect to see anyone personally. If you have reason to believe that they have not already pledged their votes, sometimes the prospects which appear the most improbable can put the best.

When you have your prospect secured get him or her to put you on the track of another or more unpledged prospects. The result will be that your votes will accumulate more and more daily and increase in volume, like a snowball rolling down hill.

Again, don't be afraid to advertise the fact that you are a candidate, here, there and everywhere throughout the length and breadth of this part of Kentucky. Tell everybody you meet the glad tidings and impress upon them the fact that you are in the race for one reason only, that is to win.

You will be surprised how the magnetism of your enthusiasm will persuade others. Even the most callous cannot fail to accord a certain amount of admiration to the plucky competitor. After you have left, it is quite as likely as not that the recipient of your most recent heart to heart talk will tell his friends something like this:

"Friends, if you haven't promised your votes to anyone yet, I've got a friend who deserves to win so give her the votes." That's the sort of an impression to leave behind. Again don't hesitate to ask for the biggest subscription at the outset. Go after the five year subscriptions.

Remember that 10,000 extra votes will be given on every dollar of subscriptions from now on, until November 5. The votes issued on these subscriptions are good at any time up to the close of the contest and may be polled and published whenever you choose.

Until further notice no contestant will be allowed to poll more than a sufficient number of votes to place their standing 10,000 votes in advance of the leader of the preceding issue. For instance, if A had 10,975 votes in today's issue, you would be allowed enough to place your standing 20,965 votes in the next issue. As many subscriptions as you wish may be turned in and vote ballots will be issued and returned to you.

DOTY'S STUDIO, OFFICIAL PHOTOGRAPHERS.

Doty's Studio has been appointed the Official Photographers of the Big Automobile and Prize Campaign. A picture of each of the contestants will be taken free and the photos of the leading candidates will be published in the News during the campaign. Secure an order from the campaign manager and be the first to have your photo published.

Start Your Campaign To-day**DETAILS OF AUTOMOBILE AND PRIZE CAMPAIGN.****THE CAPITAL PRIZE.**

The Grand or Capital Prize offered in this great campaign is a handsome \$910 Flanders touring car—one of the best known and most reliable cars in the country. It is a machine of superb mechanical qualities and will excite the greatest interest in every locality where the joy of automobiling is known. The desire is intense in every wide awake person to own a beautiful car that means so much personal joy and for the entertainment of family and friends. The publisher of the Bourbon News takes the greatest pleasure in being able to put such a machine in the possession of some popular person in this section as a reward for their industrious efforts during the next few weeks.

THE DISTRICT PRIZES.

The District Prizes consist of beautiful Diamond Rings and handsome Elgin Watches. They were purchased especially for this great campaign from the well known and reliable firm of Shire & Fithian.

There are two 18 jeweled Elgin Watches and two 7 jeweled Elgin Watches. The name of the Elgin Watch is so well known as a most reliable timekeeper that it is hardly necessary to give a further description of them. A GIRL'S FRIEND

Many growing girls in school or business are frail—delicate—anemic—lack energy and ambition and have thin blood. It is all unnatural and unless checked leads to serious and chronic ills. Nourishment, not drugs, is the law of reason to build strength—but when appetite is poor and digestion weak, ordinary foods do not nourish—then **SCOTT'S EMULSION** is necessary.

SCOTT'S EMULSION overcomes just such conditions; its tissue material enters the blood without digestive effort and makes it rich. It tones the whole system and starts the healthy action of cells throughout the body.

Imitations are often offered, but to get results you must get SCOTT'S.

Bullet in Brain and Still Lives.

With a bullet in his brain Henry Story, a negro, employed with a construction camp, is alive at the St. Joseph Hospital, in Lexington, and there are chances for his recovery, according to the statement of his physician, Dr. D. B. Anderson, of this city.

Story sustained the injury Saturday night in a brawl between several negroes at the construction camp of Hough & Spradling, on the farm of Dr. D. B. Anderson, on the Clintonville pike. A negro who is unknown to the police inflicted the wound, and it is said that it was done in self-defense. The negro who is charged with the shooting made his escape.

Saturday night the unknown negro, who is employed by the construction firm of D. B. Lacy & Son, in this city, went to the construction camp of Hough & Spradling, in company with several other negroes. Both Story and the negro accused of the shooting bore the reputation of being bad men, and in a dispute over some trivial matter they began shooting.

Story, it is alleged, blew the lamp out in the shack where the men were gathered and began shooting, emptying his revolver in the direction of the unknown negro. None of the shots took effect. The would-be victim of Story's revolver returned the fire, emptying two chambers of his revolver. One shot took effect over Story's left eye, scattering his brains over his clothing and the room.

Immediately after the shooting Dr. D. B. Anderson was summoned and dressed the wound, but was unable to locate the bullet. Sunday morning Story requested to be taken to a hospital, and he was removed to the St. Joseph's Hospital, in Lexington.

Although according to the statements of eye witnesses the shooting was a clear case of self-defense, the negro who inflicted the injuries escaped and has not been apprehended. It is the opinion of the police that he will surrender. While the condition of Story is serious, it is the opinion that unless complications arise, and in spite of the fact that the bullet is imbedded in his head, he may recover.

New Tracks for L. & N. Yards.

That the yards of the Louisville and Nashville railroad in South Paris may be provided with additional track room and with the view of completing the grade in the local yards to conform with the proposed grade between Paris and Winchester a contract has been awarded by the company to Lucy & Son, of Cincinnati, and the contractors have commenced to grade for new tracks, besides lowering the tracks in the South yards.

The Louisville and Nashville recently purchased a strip of ground from W. K. Griffith, lying adjacent to the tracks in South Paris. The tract of ground is two hundred feet wide and several hundred feet long. The contractors have a large force of men at work lowering the tracks to grade with the Claysville crossing in this city, which will necessitate a cut of four feet at a point where the Winchester branch leaves the main yards. The earth will be used to fill in the Griffith property which will then provide room for six or more new tracks.

The addition of the Griffith property will enable the railroad company to straighten its tracks at this point and provide room for a large number of freight trains, which will be necessary when the immense increase in the volume of freight handled at this point comes this winter.

The channel of the brook which parallels the tracks of the company along the right of way in the South Yards will be moved to the east about one hundred and fifty feet and tracks constructed over the brook that runs through the main yards.

It would be hard to estimate the amount of money the Louisville and Nashville has spent in Paris in the past two years, and from the present activities in the improvement of its property in this city leaves the impression that the work is only begun. Being the divisional center with branches leading to Maysville, Lexington, Cincinnati and the South and a distributing point, the necessity of increased yards is daily more apparent.

Gives \$1,000 to Paris Hospital.

Mrs. Jane Y. Rutherford, widow of the late Dr. E. H. Rutherford, for many years pastor of the Paris Presbyterian church, has notified the trustees of the Paris Hospital of the gift of \$1,000 to be placed at their disposal for a specific purpose and to be used as a memorial to her husband, whose life in this community was truly a ben-

dition. The notice of the gift from Mrs. Rutherford was received by Mrs. W. E. Simms, a member of the board of trustees of the hospital and the money will be used as prescribed by Mrs. Rutherford.

The new hospital which is in the process of construction under the supervision of the trustees is progressing rapidly and with a view of giving a little wider scope to their efforts and to increase the building fund the trustees have made a personal appeal for funds to provide such necessary features as would be impossible to furnish otherwise.

The bequest of Mrs. W. W. Massie was somewhat in excess of the estate after deducting the fifteen per cent or more for taxes and including the five per cent inheritance tax, fees and court claims. The trustees have not exceeded the eighty-five per cent in letting contracts and their policy is not to encumber the hospital with a debt.

The amount necessary is small compared to the value of the splendid piece of property which the city will be in possession of, and which has cost neither the city or county a cent.

The architect, Mr. K. L. Rowe, whose services have been of incalculable value to the trustees, has assured them the building as planned for hospital purposes, could not be duplicated for less than forty thousand dollars.

Plan to Start Co-Operative Store

If the plans of the promoters materialize Paris in the near future will have a co-operative grocery store that will be owned and operated by the employees of the Louisville and Nashville railroad.

A subscription paper has been circulated among the employees of the road in this city and it is said that \$7,000 of the proposed \$10,000 capital stock of the concern has been subscribed.

It is the plan of the company to erect and own its own store building which will be located on South Main street on a site somewhere between Thirteenth and Sixteenth streets and to have everything ready for business by spring.

This is the first effort on the part of the large number of railroad employees in this city toward a plan of this nature and it is meeting with the hearty support and endorsement of all those who have subscribed to the proposition.

The Lexington High School defeated M. M. I. Saturday in a hard fought game the score being 13 to 0. It was one of the finest games seen lately on the local grounds, and Millersburg's defeat was entirely due to the excellent forward pass work and to a trick pass made in the last quarter. Neither team was able to score in the first quarter while the fighting was largely in Millersburg's territory. The second quarter brought out some snappy work on both sides. Lexington finally putting over a forward pass for a touchdown. Lexington failed to kick the goal, this ended the half. No scoring was done in the third quarter, but Millersburg made some splendid gains on straight line backs which brought the ball within a yard of the goal line. Millersburg forfeited the ball to Lexington on a failure to make the full ten yards and the quarter ended. Lexington started the last quarter at one end of the field and had almost reached the center when Hedges made a trick forward pass, gaining at least twenty-five yards. From then on it was hard fighting but Lexington finally forced the ball over for a touchdown in the last three minutes of play and Hedges kicked the goal ending the game. In such a game as this the loser deserves as much credit as the winner and undoubtedly the result would have been different had Millersburg gotten the break of luck.

—Nicholas county farmers seem to be holding their tobacco to sell over the loose leaf breaks. Offers of \$10 a hundred for numbers of crops are reported with most of the farmers declining. One buyer reports he has made a number of purchases in Woodford county from \$10 to \$12.50.

—The Pisgah and Mt. Vernon Game Preserve Club, composed of prominent farmers who own and control 9,000 acres of land in the northeastern section of Woodford county, has been organized for the purpose of rearing and protecting game and fish. This is said to be the first game preserve established in Kentucky. The members of the club propose seeing that the laws protecting game and governing trespassing are strictly enforced.

—Col. Jack Chinn, who recently sold his "Leonatus" stock farm in Mercer county, has bought from Wm. Faircloth the "Munday" farm 100 acres at Munday's Landing and will remove to Woodford to live. The price paid was \$55 an acre. Col. Chinn also bought the Faircloth general merchandise business and stock of goods. The farm is situated on the Kentucky river about twelve miles southwest of Versailles. It is directly opposite Col. Chinn's barbary and fluor spar mines in Mercer county, which he has been operating for several years.

—Articles incorporating the Montgomery Loose Leaf Tobacco Company were drawn in Mt. Sterling Friday. The company has leased the large Burley tobacco warehouse, and will hold sales beginning the latter part of November. Asa Bean was elected president and general manager, John H. Blount secretary and Ben F. Mark treasurer. The tobacco crop is being striped out and is in excellent shape. A large per cent of it will be ready for the early market and it is estimated that more than two million pounds will be sold at the early sales, as sellers believe that the early market will be the best one as to securing high prices.
